Comments: *Cool on the sensor question, stretch on the market size.*

One thing the group did particularly well: *Shoutout to Alex for filling in for Sunny.*

One thing that could be improved: *Customer Needs table was difficult to read, and we spent a lot of time on this slide just reading the slide.*

DURING the presentation, each student is to write down ATLEAST 2 questions that they would like to ask each presenting group. These will be distributed to teams

Team Name: Serpentelligence

Question 1: How does the pipebot work? I know what it needs to do, but how does it do that?

Question 2:

Team Name: Serpentelligence

Question 1: Where are you in the project right now?

Question 2:

Team Name: _____

Question 1:

Question 2:

Comments: _____

One thing the group did particularly well: Strong Intro. illustrated well the impact of problem on human lives which emphasized the need for a solution

One thing that could be improved: Could have been more clear about which specific market is being targeted for tool.

DURING the presentation, each student is to write down ATLEAST 2 questions that they would like to ask each presenting group. These will be distributed to teams

Team Name: Team Serpentelligence

Question 1: Which target market will you chose to enter, if alternate markets are entered what changes need to be made?

Question 2: If the fool doesn't classify the correct joint, what will the failure look like, how harmful will it be?

Team Name: _____

Question 1:

Question 2:
